<p>When we first start school I think we should receive a list of recommended medical shoes that are comfortable and some that are not going to break the bank. Same goes to the watches & a website that sells great scrubs. I spent a couple days trying to find a good pair of shoes that weren't too pricey.</p>	<p>This is a great suggestion and this information will be added to the healthcare orientation PowerPoint. It will include photos and store ideas.</p>
